**TREE PRESERVATION HOARDING**

**NOTES:**

- Hoarding details to be determined following initial site inspection.
- Private tree hoarding to be approved by Development & Design.
- City tree hoarding to be approved by Community Services Dept.
- Hoarding must be supplied, installed and maintained by the applicant throughout all phases of construction. Inspection must be conducted by the Development and Design Division prior to removing any/all private hoarding.
- Do not allow water to collect and pond behind or within hoarding.
- T-bar supports are acceptable alternative to 4x4 posts. U-shaped metal supports will not be accepted.
- Plywood must be utilized for 'solid' hoarding. OSB/Chipboard will not be accepted for solid hoarding. Plywood sheets must be installed on "construction" side of frame.
- Applicant is responsible to ensure utility locates are completed within city boulevard prior to installing framed hoarding.
