GENERAL NOTES:
1. Drawings are to be used by the project contractor and not for any other purpose. The contractor shall verify all dimensions and conditions on site before commencing work.
2. The contractor shall be responsible for obtaining all necessary permits and approvals from the appropriate authorities.
3. The contractor shall be responsible for coordinating with all other trades and subcontractors to ensure a smooth construction process.
4. The contractor shall be responsible for maintaining the site in accordance with all applicable regulations and standards.
5. The contractor shall be responsible for the safety of all workers and the public at all times.
6. The contractor shall be responsible for the proper disposal of all waste materials.
7. The contractor shall be responsible for the protection of all existing structures and utilities.
8. The contractor shall be responsible for the completion of all work in accordance with the approved drawings and specifications.
9. The contractor shall be responsible for the maintenance of all records and documents related to the project.
10. These drawings are not to be used for construction unless specifically noted otherwise.
