## EXECUTIVE SUMMARY

---

1720 Sherwood Forrest Circle is the former Formation House, the Provincial motherhouse of the Carmelite Sisters of the Divine Heart of Jesus. Prior to 1952, the property was occupied by a residence on an estate lot surrounded by farmland and orchards. In the 1960s, the Carmelite Sisters built a large retirement home for seniors and operated it until 2019. The surrounding farmland was transformed into a single family residential subdivision in the 1970s.

The property is bounded on the east by the Mississauga Road Scenic Route, an identified Cultural Landscape, and separated from it by a steep 14 to 17 metre high, heavily wooded slope, totally screening the property from the road.

The requirement for a Heritage Impact Assessment (HIA) is triggered by the fact that the property borders the Mississauga Road Scenic Route.

The property at 1720 Sherwood Forrest Circle is not listed on the City's Heritage Register. An analysis of the property indicates that it does not meet any of the *Ontario Regulation 569/22: Criteria For Determining Cultural Heritage Value Or Interest*.

The development proposal is to remove the existing buildings and build a single family neighbourhood comprised of 56 homes, all on the tableland. The wooded slope adjacent to Mississauga Road and bordering the east side of the property effectively screens the development from the Mississauga Road Scenic Route and is to be conserved and deeded to the City.

The significant heritage resource is the Mississauga Road Scenic Route Cultural Landscape, not the property. Therefore, the task of the HIA is to determine the impact on the Scenic Route, rather than the property.

Because the property cannot be viewed from Mississauga Road due to its elevated position and the mature forest cover, there is no impact from the low-rise redevelopment of the property.

## 1.0 BACKGROUND - HERITAGE IMPACT ASSESSMENT (HIA)

1720 Sherwood Forrest Circle is the former Formation House<sup>1</sup> the Provincial motherhouse of the Carmelite Sisters of the Divine Heart of Jesus, a contemplative apostolic congregation of Pontifical Rite. The Carmelite Sisters D.C.J. have been in Canada since 1913 serving in the diocese of Toronto, St. Catharines, and Calgary<sup>2</sup>. The 4.635 hectare (11.453 acre) property was the subject of a redevelopment proposal in 2019, a proposal that has since been withdrawn and has been replaced by the proposal indicated in this HIA.

This Heritage Impact Assessment follows the City's *Cultural Landscape Heritage Impact Assessment Terms of Reference*<sup>3</sup> and was prepared in response to a request from the owner. The requirement for an HIA is triggered by the fact that the property borders the Mississauga Road Scenic Route, a Cultural Landscape. The property at 1720 Sherwood Forrest Circle is not listed on the City's Heritage Register.

## 2.0 THE HERITAGE IMPACT ASSESSMENT

### 2.1 Location Map

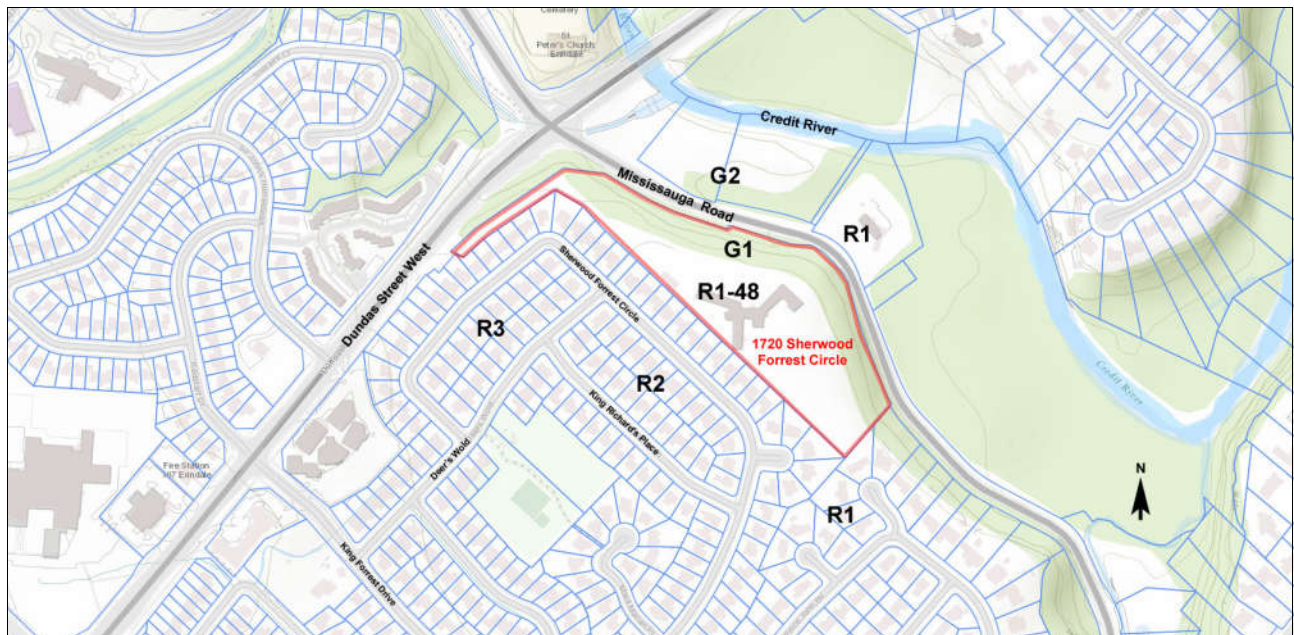

Figure 1

location & zoning map - <http://www6.mississauga.ca/missmaps/>

<sup>1</sup> Formation is the personal preparation that the Catholic Church offers to people with a defined mission, such as the priesthood or membership of a religious order

<sup>2</sup> <https://sites.google.com/view/carmelitesistersdcjca/home>

<sup>3</sup> *Cultural Landscape Heritage Impact Assessment Terms of Reference*, City of Mississauga, undated, provided by Paula Wubbenhorst, Heritage Planner, August 15, 2023

The City of Mississauga recognizes the historic and continued use of the land now known as Mississauga by the Mississaugas of the Credit First Nation, the Haudenosaunee Confederacy, the Huron-Wendat and Wyandot Nations and their ancestors.

The villages of Toronto Township amalgamated to become the Town of Mississauga in 1968, excluding the Towns of Port Credit and Streetsville. In 1974, Mississauga incorporated as a City, this time including Port Credit and Streetsville.<sup>4</sup> Southern Ontario has a cultural history that begins approximately 11,000 years ago and continues to the present. The table below provides a general summary of the pre-contact Indigenous settlement of the subject property and surrounding area.

Outline of Southern Ontario Prehistory  
Period Archaeological/ Material Culture Date Range Lifeways/ Attributes<sup>5</sup>

<b>Period</b>	<b>Archaeological/ Material Culture</b>	<b>Date Range</b>	<b>Lifeways/ Attributes</b>
<b>PALEO-INDIAN</b>			
Early	Gainey, Barnes, Crowfield	9000-8500 BC	Big game hunters
Late	Holcombe, Hi-Lo, lanceolate	8500-7500 BC	Small nomadic groups
<b>ARCHAIC</b>			
Early	Nettling, Bifurcate-base	7800-6000 BC	Nomadic hunters and gatherers
Middle	Kirk, Stanly, Brewerton, Laurentian	6000-2000 BC	Transition to territorial settlements
Late	Lamoka, Genesee, Crawford Knoll, Innes	2500-500 BC	Polished/ground stone tools (small stemmed)
<b>WOODLAND</b>			
Early	Meadowood	800-400 BC	Introduction of pottery
Middle	Point Peninsula, Saugeen	400 BC-AD 800	Incipient horticulture
Late	Algonkian, Iroquoian	AD 800-1300	Transition to village life and agriculture
	Algonkian, Iroquoian	AD 1300-1400	Establishment of large palisaded villages
	Algonkian, Iroquoian	AD 1400-1600	Tribal differentiation and warfare
<b>HISTORIC</b>			
Early	Huron, Neutral, Petun, Odawa, Ojibwa	AD 1600-1650	Tribal displacements
Late	6 Nations, Ojibway	AD 1650-1800's	
	Euro/Canadian	AD 1800-present	European settlement

From the late 17th century to the early 19<sup>th</sup> century, the Credit River Valley was the exclusive domain of the Mississauga's, a band of the Ojibway. They were nomadic hunters and fishers who travelled the entire length of the Credit River from Lake Ontario to Georgian Bay. In 1805, they relinquished most of their holdings to the British Government, with the exception of a strip of land one mile on each side of the Credit River - the Credit Indian Reserve. As settlement occurred, the Mississaugas sold most of the Credit Indian Reserve to the Crown in 1820. The Mississauga retained only two hundred acres on the east side of the Credit River. The 'two hundred acres' was never surrendered and became a land claim in the 1980s, for which the Mississauga received twelve or thirteen million dollars. The subject property lies within the Reserve (Figure 2).

A Stage 2 archaeological assessment was carried out on the subject property by ASI in 2018. Despite careful scrutiny, no archaeological resources were found during the course of the Stage 2 field assessment.

<sup>5</sup> *Stage 1 and 2 Archaeological Assessment of 1720 Sherwood Forrest Circle, City of Mississauga, Regional Municipality of Peel*, ASI, Toronto, ON, 13 August 2018

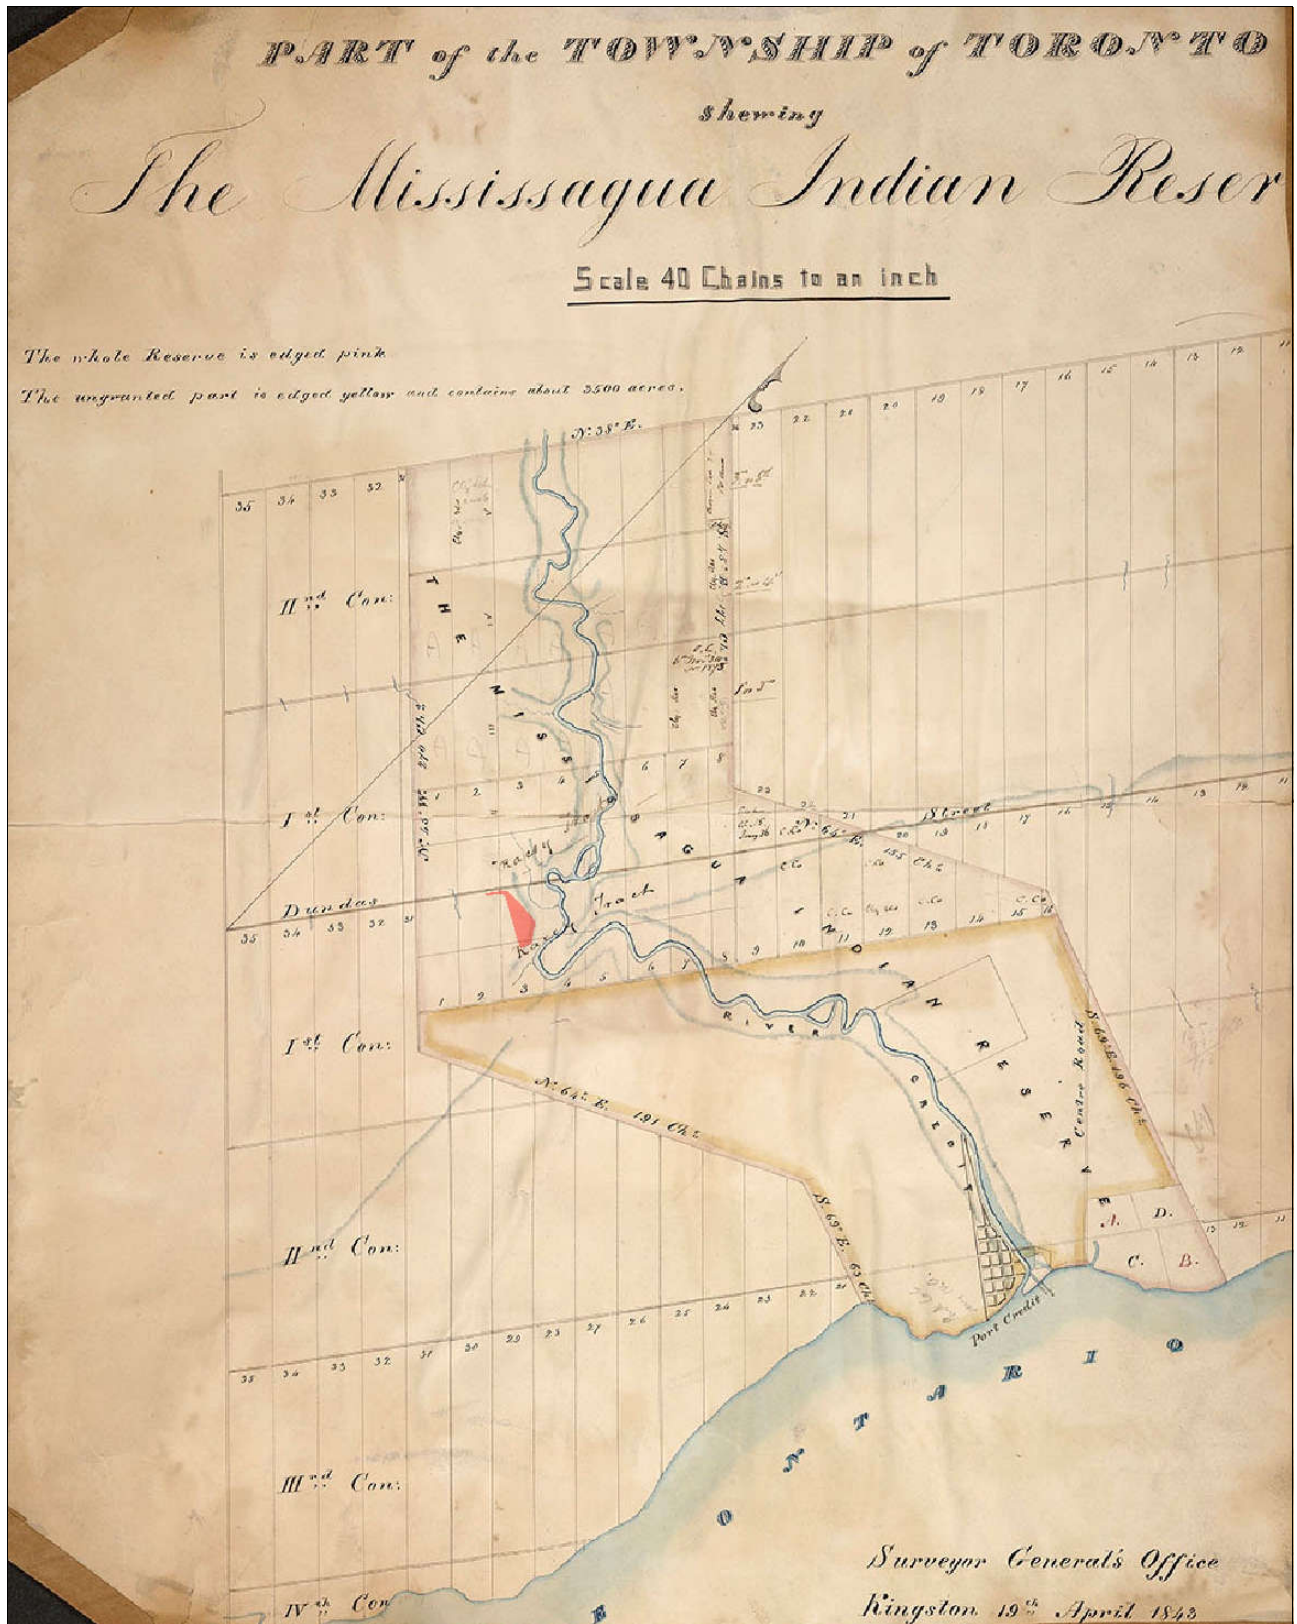

Figure 2 Part of the Township of Toronto shewing The Mississauga Indian Reserve Surveyor General's Office, Kingston, 18<sup>th</sup> April 1843 the subject property is superimposed in red

## 2.2 Existing Conditions Survey

Figure 3 is a 2021 aerial photograph of the property. The 4.635 hectare site is screened on all sides by dense, mature vegetation, especially the borders with Mississauga Road and Dundas Street West. There are two buildings, a large brick one-, two- and three-storey multiple dwelling, chapel and function rooms, and a single storey, seven-car garage, both centred in the property.

Figure 3

2021 aerial photograph - <http://www6.mississauga.ca/missmaps/>

Figure 4 is a site survey of the property showing the buildings, driveways, gardens, and vegetation. The relatively flat table land of the property ranges from 14 to 17 metres above Mississauga Road, which is in the valley of the Credit River.

Figure 6 looking into Sherwood Forrest neighbourhood from the property

Figure 7 looking back to the entrance

Figure 8

original entrance drive from Dundas Street West

Figure 9

original entrance from Dundas Street West - Google Maps

The entrance to the Carmelite Sisters of the Divine Heart of Jesus property was from Dundas Street West, prior to the development of the Sherwood Forrest neighbourhood. It was also the entrance to the property that predated the Carmelite Sisters occupation of the site (Figures 28 - 32).

Figure 10 from the entrance drive, Mississauga Road Scenic Route is to the left and about 16 metres below the tree line.

Figure 11 building complex, 1968 addition left, original 1963 building centre and right

Figure 12 front entrance to building, 1968 addition left, 1963 building centre & right

Figure 13 1963 date stone

Figure 14 1968 date stone

The front entrance and centre part of the building is a gable-roofed structure with vertical windows, whereas the 1963 and 1968 wings have flat roofs and generally square, punched windows. The second storey of the 1968 addition departs from the brick cladding used throughout the rest of the building, with vertical aluminum siding of two different colours that appears to be applied over the original brick veneer (Figures 11, 12 & 15).

Figure 15 northwest side of building, Mississauga Road is to the left and about 17 metres below the tree line

Figure 16 rear of building, south side

Figure 17

looking south towards Sherwood Forrest Circle from behind building

Figure 18

east side of building

Figure 19

7-car garage

Figures 9 and 20 - 25 are scenes<sup>6</sup> from Dundas Street West (Figure 9) and the Mississauga Road Scenic Route. In all cases, the subject property is to the left with the table land from 14 to 17 metres higher than the road.

Figure 20

Mississauga Road Scenic Route - Google Maps, July 2022

<sup>6</sup> For safety reasons, these scenes are from Google Maps, taken in July 2022.

Figure 21

Figure 24

Mississauga Road Scenic Route - Google Maps, July 2022

Figure 25 Mississauga Road Scenic Route approaching Dundas Street West - Google Maps, July 2022

## 2.4 The Proposed Development

The proposal is to remove the existing buildings and develop a single family neighbourhood comprised of 56 homes, all on the tableland. Figure 27 is a conceptual site plan.

The treed slope adjacent to Mississauga Road is to be conserved and deeded to the City. It effectively screens the development from the Mississauga Road Scenic Route as can be seen in Figures 20 - 25. Reinforcement of that screen is planned (Figure 28).

Figure 26 is a rendering of an example of the proposed residences.

Figure 26 proposed residences - after Q4<sup>L</sup>Architects, 2023-09-19

Figure 27

Preliminary Design Concept, Gerrard Design - April 29, 2024

Figure 28

Landscape Concept Plan, Strybos, Barron, King - received May 9, 2024

## 2.5 The Streetscape

Because the property cannot be seen from the Mississauga Road Scenic Route, as is evidenced in Figures 20 through 25, and with the retention of all of the screening vegetation, a measured streetscape drawing would not show anything different from the status quo. There is no adjacent property at the northern end where Mississauga Road intersects with Dundas Street West and heavily wooded, steep slope to the south screens those adjacent properties.

## 2.6 Property Information

Before the Carmelite Sisters developed the property, it was a residence, accessed from Dundas Street West (Figures 8, 9 & 29). The following aerial photographs trace the history of the property from 1944 through to the present. The current property boundary is superimposed in the photographs.

Figure 29

1944 aerial photo - *Mississauga Maps*

A lane from Dundas Street, still extant today, led to house on the tableland above the Credit River Valley, with an orchard and crop land to the west. The heavily wooded, steep slope to Mississauga Road that exists today is evident in this photograph. The property was in the ownership of James L. Ross at the time. Ross's estate sold the property to Arthur, Wallace, and Jordon Oughtrid in 1946. Figure 30 is a survey that accompanied the transfer.

Figure 30 Survey of Part Lot 3, Range 1 S.D.S., Racey Tract, Toronto Twp., Co. of Peel, S. Lanson, O.L.S., Toronto

Ten years later, the orchard adjacent to Dundas Street West had been replaced by a residence, the crop land to the west of the house had become an orchard; and a substantial building had been constructed south of the house (Figure 31). The Oughtrids had transferred the property to Thomas Day and his wife Hilda Oughtrid in 1946 and Day had sold today's parcel to The Jesuit Fathers of Upper Canada Holding Corp who in turn transferred it to the Alcoholism Research Foundation in 1949. In 1952, the property was transferred to the Carmelite Sisters who retained it until 2023.

Figure 31

1954 aerial photo - *Mississauga Maps*

By 1966, the Carmelite Sisters had occupied the property for 14 years and had built the first phase of the current building in 1963. The orchard to the west was still extant and the entrance to the new complex was still from Dundas Street West which had been widened considerably by the Minister of Highways, resulting in the taking of a portion of the lands at the corner of Dundas and Mississauga Road. This necessitated a realignment of the entrance to the property from Dundas Street West (Figure 32).

Figure 32

1966 aerial photo - *Mississauga Maps*

The property was constantly improved by The Carmelite Sisters and a large addition was built in 1968. Figure 33 shows the addition in 1975.

Figure 33

1975 aerial photo - *Mississauga Maps*

In the short span of two years, the orchard lands to the west became the Sherwood Forrest residential subdivision and access to the Carmelite Sisters' property was made through the subdivision, giving the property a new street address, 1720 Sherwood Forrest Circle (Figure 34).

Figure 33

1977 aerial photo - *Mississauga Maps*

Figure 35 is the latest available *Mississauga Maps* aerial photograph (2021) although little has changed since then other than the abandonment of the property by the Carmelite Sisters.

Figure 35

2021 aerial photo - Mississauga Maps

A chain of title can be found in Appendix 1.

With respect to significance, applying the criteria from *Ontario Regulation 569/22: Criteria For Determining Cultural Heritage Value Or Interest* which states that a property may be designated under section 29 of the *Ontario Heritage Act* if it meets two or more of the following nine criteria for determining cultural heritage value or interest.

1720 Sherwood Forrest Circle		
has <b>design value or physical value</b> because it:	meets?	rationale
1. is a rare, unique, representative or early example of a style, type, expression, material or construction method,	no	The style is not rare, unique, representative or an early example of mid-20th century modern architecture.
2. displays a high degree of craftsmanship or artistic merit, or	no	The building does not display a high degree of craftsmanship.

<b>1720 Sherwood Forrest Circle</b>		
3. demonstrates a high degree of technical or scientific achievement.	no	The design and physical structure do not demonstrate a high degree of technical or scientific achievement. It was built using common methods and materials.
has <b>historical value or associative value</b> because it:	<b>meets?</b>	<b>rationale</b>
4. has direct associations with a theme, event, belief, person, activity, organization or institution that is significant to a community,	no	To our knowledge, and from the title search conducted, the property has no direct associations with a theme, event, belief, person, activity, organization or institution that is significant to the community.
5. yields, or has the potential to yield, information that contributes to an understanding of a community or culture, or	no	There is no evidence of anything unique or rare in the building that would suggest that new information could be garnered from it.
6. demonstrates or reflects the work or ideas of an architect, artist, builder, designer or theorist who is significant to a community.	no	The architect and builder are unknown.
has <b>contextual value</b> because it:	<b>meets?</b>	<b>rationale</b>
7. is important in defining, maintaining or supporting the character of an area,	no	The property is hidden behind walls of mature vegetation and a residential subdivision and is an anomaly in a residential area. It does not maintain or support the character of the neighbourhood.
8. is physically, functionally, visually or historically linked to its surroundings, or	no	The property has been in its current use for 71 years, with the buildings being extant for 60 years. Prior to that it was a residence and before that, farmland. It is not linked to its surroundings.
9. is a landmark.	no	The property cannot be viewed except from within or from the air. It is not a landmark.

The property meets none of the criteria.

## 2.7 Impact Assessment

The significant heritage resource is the Mississauga Road Scenic Route Cultural Landscape, not the property. Therefore, the task of the HIA is to determine the impact on the Scenic Route, rather than the property. Because the property cannot be viewed from Mississauga Road due to its elevated position and the mature forest cover, there is no impact from the low-rise redevelopment of the property.

## **2.8 Mitigating Measures**

---

As there is no impact, there is no requirement for mitigating measures. A *Sherwood Forrest Circle Arborist Tree Preservation and Protection Report, August 2, 2023* was prepared by Palmer. It inventories the woody vegetation on the property and provides recommendations for tree preservation as well as a continuing relationship with the Credit Valley Conservation Authority for additional plantings on the property. Retention of the wooded slope on the eastern boundary is assured by deeding those lands to the City.

## **3.0 RECOMMENDATION**

---

The property does not meet any of the criteria for determining cultural heritage value or interest. The Cultural Landscape that is the Mississauga Road Scenic Route is not impacted by the proposed development. No recommendation for designation is warranted.

This Heritage Impact Assessment is respectfully submitted by:

CHC Limited

per: Owen R. Scott, OALA, FCCLA, CAHP
