Amendment No. XX

To

Mississauga Official Plan

The following text and schedules attached constitute Official Plan Amendment No. XX.

PURPOSE

The purpose of this Amendment is to permit the future development of a 14-storey residential building with an FSI of 2.5 on the subject lands.

LOCATION

The subject lands affected by this Amendment are located at 1785 Bloor Street in Ward 3 on Bloor Street West, just west of Bridgewood Drive. The subject lands are located within the Applewood Neighbourhood Character Area, as identified in the Mississauga Official Plan.

BASIS

The Mississauga Official Plan came into effect on November 14, 2012, save and except for those policies and land use designations which have been appealed to the Ontario Land Tribunal (Formerly known as the “Ontario Municipal Board” and “Local Planning Appeal Tribunal”).

The subject lands are designated “Residential High Density” in the Applewood Neighbourhood Character Area of the Mississauga Official Plan. New medium and high-density residential development is not permitted to exceed the height of any existing buildings on the subject lands and may not exceed the maximum FSI of 1.2. The existing building on the site is 10 storeys and the proposal of the 14-storey building will result in a total site **FSI of 2.5 and an additional 4 storeys.**

The proposal is acceptable from a planning standpoint and should be approved for the following reasons:

1. The proposed development is supportive of the policy framework expressed in the Provincial Policy Statement, the Growth Plan for the Greater Golden Horseshoe and the Region of Peel Official Plan – all of which promote a range and mix of housing and the redevelopment of underutilized lands within built up areas that are well served by transit and existing infrastructure.
2. The proposed development is consistent with the Urban System and Land Use Designation policies as it provides for appropriate and context-sensitive density within the Applewood Neighbourhood Character Area.
3. The massing and scale of the proposed built form is compatible with the planned urban character and vision for the East Bloor Corridor.
4. The proposed development provides new housing supply through the intensification of underutilized lands and makes efficient use of available and planned infrastructure and facilities.
5. The proposed development is well served by existing transit service and is in close proximity to the Dixie GO Station, facilitating improved transit connectivity for residential neighbourhoods.

1. Section 16.2.4, Special Site Policies, Applewood Neighbourhood Character Area of the Mississauga Official Plan, is hereby amended by adding the following:

16.2.4.X *Site X*

This Amendment has been prepared based on the Office Consolidation of the Mississauga Official Plan, dated [July 27, 2023](#).
