- (1) The bins should be properly positioned in the collection area on the day of collection before 7 am.
- (2) The driver is not required to exit the collection vehicle to sortable collection.
- (3) Property management is responsible for moving bins during collection.
- (4) The Region will not be responsible for emptying bins that are inaccessible to the collection vehicle.
- (5) Property management must be visible to waste collection vehicle on approach to site, otherwise the waste collection vehicle will not enter the site.
- (6) Property management will be responsible for safely maneuvering waste collection vehicles into and/or out of, as well as around the site.
- (7) Property management staff will be responsible for moving bins to the staging area at the time of collection and returning to storage room following collection.
